

Claude Code chats: handoff summary

Sophia Sky Reddehase, Austin apartment locating · Sessions Sept 4 to 12, 2026 · Built Sept 12, 2026 · public copy, scrubbed

What this document is

A handoff for a new Claude Code chat. It covers the Claude Code sessions from **Sept 4 to Sept 12, 2026** (about 75 sessions), plus the work those sessions pushed to GitHub.

How it was built and what it cannot see. Cloud sessions expose a title, a one-line outcome, and any git branch they pushed. Sessions run through Remote Control on the Mac (the ones marked "Mac" below) expose only a title. No transcripts were readable, so anything said in a chat but never written to a file is not here.

This copy is scrubbed for the public repo: client names are initials and personal, health, and money detail is left out. The full copy was sent directly to Sophia.

Business identity, verified against TREC on Sept 11

Item	Value
Agent	Sophia Sky Reddehase, TREC #831516-SA, active, expires 11/30/2026
Brokerage, as printed	Spirit Real Estate Group (no "LLC"). Sponsoring broker Bryan Keith Bjerke, TREC #562021-B, sponsor date 08/19/2026
Never print	"Spirit Real Estate Group, LLC" is a different broker company (#9003398-BB). spiritre.com uses the LLC form, which is how it got onto every card until Sept 11
Phone / email	(512) 676-1215 · sophia.reddehase@spiritre.com
Intake form (in every QR)	https://sparkapt.com/inquiry/sophia-reddehase859
Dead link, never print	sparkapt.com/sophia-reddehase (404)
Services	Relocation · second chance (eviction / broken lease) · first-time renters · luxury. Free to renters, the property pays
TREC print rule	22 TAC §535.155(a)(2): broker name at least half the size of the largest agent contact info. Website also needs IABS + Consumer Protection Notice links (§531.20)

Open contradiction: the Spirit guest card script (Sept 6) tells you to write "Spirit Real Estate Group, LLC" in headers and signatures. The brand handoff (Sept 11, checked against TREC) says never use the LLC form. Go with the Sept 11 finding and fix the guest card script.

Lead and client work (chats, mostly on the Mac, titles only)

- **Sept 12:** Respond to S. on FB Marketplace · M.N. client review · San Antonio properties on Spark · Facebook ad drafts · Account work

- **Sept 11:** L. guest card, 2 properties · TOUR · 1st time moving out · fb ads aptlocator · What else can we do · Indifferent response · Check for new email with PDFs
- **Sept 10:** Client L. · Client C. · Responding to F. · L. · Client updates and email check
- **Sept 9:** C.G. closing support (two sessions) · Client search: V.C. (still idle as of Sept 12) · Follow up (blocked: no Facebook/Messenger connector on the account) · Facebook drafts for both accounts · Facebook ad drafts and current ads
- **Sept 7:** Client form email: Spark form emails sent to R. and M.V., both confirmed in Sent · Client property rental criteria · Rental criteria sheet PDF
- **Sept 6:** Property options with broken leases: prompt drafted, still needs the Spark URLs for Lakeline Crossing and Palmer Round Rock plus office emails for guest cards · Cowork prompt for hot leads outreach
- **Sept 5:** T.'s tours today · Lead response message · Post ads anonymously · Facebook account access · Craigslist ad privacy review · Open real estate tasks
- **Sept 4:** Astra Avery Ranch draft · Facebook marketplace posting · Marketplace account setup · Craigslist account privacy check · Plan

Copy and templates that exist (ready to paste)

What	Where	Notes
Lead follow-up texts with Spark link and \$200 rebate	claude/messages-spark-rebate-k2koqi → message_templates/lead_followups_spark_rebate.md	Two texts (Marketplace lead, Craigslist lead). No dashes so they copy clean. Sept 11
Spirit Marketplace ad script v2	claude/spirit-account-script-2p1p04 → templates/spirit_marketplace_ad_script.md	Rules that do not move: no property name, no phone/link, Messenger only, never net effective rent, TMLP first for Greystar/RPM, 3 emoji max, no em dashes, warm the account 2 to 3 ads a day. Sept 6
Spirit master guest card script v2	same branch → templates/spirit_guest_card_script.md	New registration + brokerage update emails from the spiritre.com address. Has the LLC wording problem above
Combined Facebook post (home feeling + second chance + luxury + relocation + budget)	claude/combine-two-posts-ty1tkw → social_posts/home-and-second-chance-combined.md	TREC sign-off and disclaimer included. Sept 3

What	Where	Notes
Property ad pages: Chevy Chase A1 (8 weeks free), Mesh studio, Caso Santa Rita Ranch 3BR	claude/chevy-chase-apartments-ad-u36p0k, claude/mesh-apartments-studio-ad-o8n1kr, claude/caso-santo-rita-ad-egp99w	Aug 31 to Sept 3. Figures are dated, re-verify before posting

Brand suite: cards, flyers, website

- **Business cards + flyers + website** on [claude/business-card-display-ugjcqm](#): 16 card styles (32 faces), 16 square flyers (32 faces), 300 DPI PNGs, 32 print-ready PDFs, 3 review PDFs for the broker, one-page website, filled-in IABS form. **Start on business_cards/HANDOFF.md**, it is the state of play. Last push Sept 11.
- Official Spirit logo is now used on every face. The old hand-traced SVG is dead, do not bring it back. `verify_trec.py` fails any file with the LLC name or a broker name under half size.
- IABS form is filled from TREC records and **awaiting Bryan's OK**.
- **Flyer canvas (Canva-style, 4 flyers)** on [claude/canva-business-cards-smab7o](#): tear-off, free locating, relocation, move season. Gallery and print PDFs ready. Sept 8 to 10.
- **Open question from Sept 11 ("Crafting a message gradually")**: Instagram was stripped from three cards; the fourth still shows @sophiasky.atx. Decide: strip all four or keep one.
- Related Mac chats: Professional photos for business card, Flyers page review, Canva business card options.

Tooling and account chats

- **Sept 11 New plugins visibility**: Canva, Gmail, Todoist, and GitHub connectors confirmed live in cloud sessions. Plugins installed on the CLI do not show up on the web; skills sync fine.
- **Sept 10 Clear all open tasks**: Todoist wiped, 35 open tasks and 7 recurring tasks deleted. Todoist is empty as of Sept 10.
- **Sept 10 Transferring data between Claude accounts**: a 9-page PDF guide was built (migration options, exports, file safety). GitHub project confirmed safe.
- **Sept 11 Gmail inbox cleanup**: stopped waiting on the city, state, ZIP for a forwarding address so a Greystar notice could be completed.
- **Sept 9 Follow up**: there is no Facebook/Messenger connector on the account, so Claude cannot send Marketplace replies. Posting and replying stay manual, on purpose.
- Mac chats: Remote control · Chrome tabs review · Chrome window activity prompt · Claude Code vs Cowork comparison · Computer performance issues · Spark cleanup planning · ceo · 10k.

Open loops, in order of money

- Reply to every open lead thread from this week: S. (Marketplace), M.N., L. (guest cards for 2 properties), C. (closing), F., L., V.C., T.. The Mac chats hold the drafts; the repo does not.
- Broken-lease client: pull the official Spark URLs for Lakeline Crossing and Palmer Round Rock and send the guest cards.

- Fix the LLC wording in templates/spirit_guest_card_script.md, then use it for every new registration.
- Get Bryan's OK on the IABS form, then the website and cards are clear to print.
- Decide the Instagram handle question on the 16th card.
- Quarterly tax estimate Sept 15. Prior-year 1099 filing with Prosper Centers.
- Merge or archive the branches below; nothing from September is on main yet.

Where the files live (sophia-austin-locating repo, nothing merged to main yet)

Branch	Last push	Contents
business-card-display-ugjcqm	Sept 11	Cards, flyers, print PDFs, website, IABS, HANDOFF.md
messages-spark-rebate-k2koqi	Sept 11	Lead follow-up texts
canva-business-cards-smab7o	Sept 10	4-flyer canvas and gallery
bedtime-routine-artifact-2mdyna	Sept 9	Day log, Lights Out, Field Notes, The Dossier, The Way Out, Sept 9 handoff PDF
sophia-daily-integration-ce6j20	Sept 9	daily-log/, system.md, science.md, /savepdf skill
spirit-account-script-2p1p04	Sept 6	Guest card + Marketplace ad scripts
combine-two-posts-ty1tkw	Sept 3	Combined Facebook post
chevy-chase-apartments-ad-u36p0k	Sept 3	Chevy Chase A1 ad page
video-information-extraction-p95j0m	Sept 2	Huberman ADHD/focus notes, lead-follow-up and ten-ads focus pages
mesh-apartments-studio-ad-o8n1kr / caso-santo-rita-ad-egg99w / adhd-time-management-gv658r / life-simplicity-wealth-habits-lfejni	Aug 30 to 31	Ad drafts, Borrowed Urgency console, Sky Ops daily page

The Claudemobile repo (this one) holds the operating rules in CLAUDE.md and the focus, one-person-business, and life-reset skills. Its 17 older branches are July and August work: ad generator, audiobooks, habit and paradigm apps, time-log and leverage-check skills.

Session index, Sept 4 to 12
